

Accommodation

In preparation for the forthcoming conference, we advise all participants to familiarise themselves with the accommodation options available, as illustrated on the attached map. The conference venue and the shuttle service routes are displayed for your convenience. The shuttle service will operate daily, facilitating transportation from the city centre directly to the conference venue (approx. 7km).

Hotels in Çanakkale are predominantly located in the vicinity of the city centre, which is around the departure point for the shuttle service. Given the heightened demand for accommodations in Çanakkale during the summer months, we strongly encourage attendees to secure their hotel reservations at the earliest opportunity.
